THE APPLICATION

On March 22, 2013, Delmarva Power & Light Company ("Delmarva" or the "Company") filed with the Delaware Public Service Commission (the "Commission") an Application seeking approval of an increase in its electric base rates and miscellaneous tariff changes. The Application

has been docketed as Docket No. 13-115. In its Application, Delmarva sought an increase in annual operating revenues of \$42,044,000, or 7.38% over existing rates. In a September 20, 2013 filing, Delmarva reduced this request to \$38,976,366, or 6.84% over existing rates.

The Company provides several reasons for requesting a rate increase, the most significant being the need to invest approximately \$397 million in its electric distribution system over the next five (5) years. According to the Company, this investment is needed to maintain and enhance system reliability, for infrastructure replacement, and to improve the Company's response to major storms.

THE EVIDENTIARY HEARINGS

At the evidentiary hearing, the Hearing Examiner will consider the Application, the pre-filed and live testimony of the parties and any other pertinent documents submitted by the parties, including any settlement reached by the parties prior to the hearings. The Hearing Examiner is obligated to reach a decision based upon the evidence presented at the evidentiary hearing. If a settlement agreement is reached, the evidentiary hearing will address whether it is in the public interest for the Commission to approve the Settlement Agreement. Subsequent to the evidentiary hearing, at a time not yet determined, this Application will be considered by the Commission.

Persons or entities which were granted intervention in this Application may present witnesses, conduct cross-examination or introduce evidence at the evidentiary hearings. Members of the public are welcome to attend the evidentiary hearing and/or the Commission's meeting as observers.

You are invited to review Delmarva's Application and supporting documents to determine how your interests may be affected.
